DISPLAY SYSTEMS

Superlite™ Displays

## Australia's favourite panel display system.

Super light, strong, and simple to put together. Toucan's own award winning patented design is assembled in minutes and can be used for a wide range of promotions. Material is Velcro compatible.

- Modular - add on extra panels as your needs change
- 360° hinge creates endless configurations
- All panels double-sided and Velcro compatible
- Panels fold flat for easy transport
- Lifetime guarantee on hinges
- No unsightly external frame
- No tools required for assembly
- One person set-up in minutes
- Custom size panels available
- No visible gaps

Material: available in 20 colours

Hinges: colour co-ordinated

Standard Size: 1800mm in height

Custom Sizes: 1500 & 1400mm in height

Nylon Bag: with optional castors

# Superlite™ customised to your exhibition design.

Superlite™ introduces many patented new ideas to suit your display. From panels to full graphics they fold down into a wheeled carry bag. With 360° hinges and a clever no-gap design you will have an uninterrupted display.

A 7 panel wide Superlite™ System with 2 end panel frames transformed into a 4.6m wide exhibition stand. Shown opposite with Velcro compatible graphics.

12 panels and 6 end panels make up this display of 2 300mm x 3 550mm. Shown opposite with Velcro compatible graphics.

The versatile classic 8 panel system suits many display applications. Shown opposite with Velcro compatible graphics.

Superlite panels can also be made into a table and storage counter.
